

Technische Universität Dresden, 01062 Dresden

VALEU-X expert forum invitation academic staff (Tuesday, May 12, 11:00 – 12:30)

Privacy policy / declaration of consent for meetings in Microsoft Teams

1. Purpose and data-raising institution

The data is collected by Microsoft Ireland Operations Limited during meetings with the subject above.

Contact person for data collection:

Prof. Dr. Eric Schoop (Prof. Information Management, eric.schoop@tu-dresden.de,

2. Processing

To participate in a meeting in Microsoft (MS) teams, the following data is submitted to Microsoft for authentication in the United States: Username, Device identification data and traffic data (e.g. MAC address, web protocols, etc.) and stored for 90 days. More information can be found [here](#)¹.

3. Voluntary and revocation

Consent to participate in the meeting in MS Teams can be revoked at any time. In such cases, we kindly ask you to contact the above-mentioned contact persons. We will then delete the data.

4. Storage time

Collected data is stored for the use of MS Teams on Microsoft servers (location primarily in Germany, partly in other countries, see [here](#)²). As of March 31, 2025, the data will be completely deleted.

[By clicking on this text, you give your consent and participate in the meeting.](#)
